---

Dear Prospective International Student Family:

Thank you for inquiring about Peoples Christian Academy. Each year we have limited spaces for international students with student visas.

We offer a Christ-centred, university-preparatory, academic program, which is inspected by the Province of Ontario.

We further enrich our students' development with Bible instruction and co-curricular activities that enable them to mature spiritually, socially and physically.

In addition, by teaching students to respect God, themselves and others, and by building partnerships with our students' families, we create a caring, safe learning environment here.

Students also benefit from the diversity of ethnic groups and church backgrounds represented by students and staff.

To help you make your decision, we have included our:

International Student Policy  
Visa Information (***Canadian Immigration and Your Visa***)  
Statement of Faith  
Schedule of Fees

Please read the material and get to know us. If you accept the policies outlined in the International Student Policy and agree with our Statement of Faith, please complete and return the enclosed:

Application for Admission (signed where requested)  
Family-School Covenant Form  
Visa/Residential Information Form

Additional information on our school is available on our website at [www.pca.ca](http://www.pca.ca). If you have any other questions, please contact the school office at 416-733-2010.

We look forward to working with you as you make this very important decision.

Sincerely,

PCA School Administration
